

Adapt Occupational Therapy is a niche business offering community-based OT services in Northern Tasmania. We are looking for **enthusiastic** and **talented occupational therapists** to join our team.

Our Clients:

We work with adults living with disability or age-related change who require tailored supports to lead the lives they aspire to. Our clients come from all walks of life and their goals vary significantly. They commonly seek OT expertise to access suitable assistive technology; develop skills for daily life; ensure adequate supports are in place and to improve access to their environment. We service a diverse population and enjoy the opportunity to learn from each of the individuals we work with.

The OT Role:

- Providing **innovative assistive technology solutions, functional assessments, skills development programs** and **environmental modifications** - you might have skills across these areas or offer specialist skills in a select area.
- We **work flexibly** offering services in the **community, clinic setting** and via **telehealth**.
- **Multi-disciplinary** and **specialist services** are offered through established links with local and interstate providers.

Why Adapt OT?

We are a local service with a positive culture and established links in the local community. We believe that an engaged and well supported team are best placed to offer quality client services.

The Role Offers:

- The opportunity to **control the direction of your career** based on your own skills or interests.
- **Work/life harmony** – we work flexible hours and can be office or home based.
- A supportive and **experienced local team** and **extended virtual team** with **mentoring** from senior clinicians.
- A **competitive salary** negotiated based on experience.
- A positive learning culture and financial support to access **professional development**.
- Support of **Admin Staff** and an **Allied Health Assistant**.
- Cloud based **patient management systems** and **communication tools**
- Access to a work **laptop** and **phone** with **IT back-up**

You would be perfect for this role if you:

- Are **passionate** about supporting people living with disability to maximise their quality of life, participation and independence.
- Have 3+ year experience in **cognitive** and **physical** assessment and intervention, **equipment prescription** and/ or **home modifications**.
- Enjoy a **challenge** and are excited by the prospect of working with clients with varied needs.
- Would like flexibility and control over your working week.
- Have the ability to **work independently** and **manage your own time**.
- Enjoy **working collaboratively** with others to achieve positive client outcomes.

In order to fulfill the requirements of this role you must have:

- The right to work in Australia.
- A degree in Occupational Therapy and current registration with the Australian Health Practitioner Regulation Agency (AHPRA).
- A current Police Check (National Police Certificate) for employment.
- A current Working With Children (WWC) Check.
- A current Australian driver's licence and access to your own vehicle.

Email: emma@adaptot.org with your **cover letter** and **CV** outlining your skills, experience and what you can bring to our team.
